Islamic Science University of Malaysia  
USIM

**Dr. Hani Mansour Al-Mazeedi**  
Kuwait Institute for Scientific Research  
State of Kuwait

KUALA LUMPUR, MALAYSIA

16-18 June 2011

Nucleus Working Group

# Halal Research

Made of 3 Working Sub-groups

A) Senior Scientists Group

1. Biochemist
2. Veterinarian
3. Mechanical Eng.
4. Electrical Eng.
5. Mufti

B) Fund Raising Group

Must be rewarded % wise

C) Management, Techno Economic, & PR Group

A) Senior Scientists Group must tackle these topics:

## A1 Humane Aspects

We have to introduce an improvement in the infrastructure of animal/bird **transportation, handling** and **slaughtering** to meet Islamic guidelines 100%.

## A2 Stunning

We have to evaluate published findings on stunning and its claim of being more humane precede slaughtering and to see what could and could not lead to death.

May require the employment of an internationally recognized expert.

## A3 Halal Analyses & Halal reference laboratory

We have to encourage the developing of rapid detection methods for Najes materials based on highly specific and sensitive techniques supported by a calibration services from Halal reference laboratory. A Halal reference laboratory will help the public, government and private industry for marketing Halal tools.

## A4 Academic and research centers

We have to introduce Halal Departments within colleges and research centers to oversee R&D in Halal field. We must make these departments welcomed by GCC academic and research centers.

This can be achieved by inviting key leaders of academic and research centers to discover the scientific and research potential in the universities and colleges in the leading countries in Halal research such as Malaysia and Indonesia.

## A5 Halal Ifta Committee

A Mufti is a must to direct all activities of all Halal research sub-groups, and to develop Halal standards that are 100% compliance with Shariah.

We have to call upon the formation of a well qualified & reference international Halal Ifta committee that based its decisions on proof from Quran and Sunnah and well established scientific facts.

B) Fund Raising Group

# B1 Raising Funds

We have to outsource funds that push forward the wheel of Macro-and MicroHalal\*.

Roam between GCC to call for financial support, accept Awqaf funds (Zakat ??), establish contacts via GCC embassies.

\*MacroHalal: tackling Halal from the outside, i.e. strategic issues such as stunning law enforcements. \*MicroHalal: tackling Halal from the inside, e.g. Halal chain integrity, and Halal researches.

C) Management, Techno Economic, & PR Group

## C1 Managements & Techno economic services

We must provide a range of Halal services and Halal marketing managers & techno economic services to support investments in Halal.

## C2 Total Halal

We have to expand Halal to cover all types of services, consumables and usage items.

## C3 Awareness

We have to increase the awareness of Halal among decision makers of Muslim countries with specific emphasis on GCC countries.

Require roaming in the GCC, offer training courses, exchange of expertise, etc.

## C4 Halal Multi-Media

We have to launch an international multilingual TV satellite channels/websites to increase Halal awareness among consumers worldwide.

# C5

## Memorandum of understanding with GCC governments

We have to draft a memorandum of understanding with GCC governments on Halal traceability and Halal management systems.

This can only be established with key leaders of important institutions\* in Malaysia and GCC countries.

Islamic Science University of Malaysia (USIM), Kuwait Institute for Scientific Research (KISR), Kuwait University (KU), MOH, Kuwait Municipality (KM), MO Awqaf and Islamic Affairs, Kuwait Foundation for the Advancement of Science (KFAS).

سبحنك اللهم وبحمدك أشهد أن لا  
إله إلا أنت، أستغفرك وأتوب إليك
